MEMORANDUM FOR: Assistant for Plans and Development, NPIC

SUBJECT: [REDACTED] Electronic Optical Rectifier (EOR)

1. NPIC representatives from PAG, PSD and TID have visited ACIC to view and discuss the EOR in use at ACIC. There is a mounting requirement for such an instrument in NPIC. TID has negotiated with DIA for ACIC to produce a limited number of rectified areas for NPIC, however this does not meet the demand.

2. ACIC is currently negotiating through Rome Air Development Center, Rome, New York, with [REDACTED] for the purchase of two new rectifiers. These will include improvements to the former model. The Rome contact person handling this purchase

[REDACTED]
This item is being handled on an R&D basis. [REDACTED]

3. Request P&DS, Development Branch, contact [REDACTED] to obtain technical data and cost figures for use by NPIC in considering purchase of an EOR.

[REDACTED]
Deputy Chief,
Technical Intelligence Division
